

Renandatta R. Dayana

Fullstack Developer

About Me

I've been starting my career since 2012 at programming. I started as a desktop programmer using Delphi 7 and pascal, developing education and medical software. I graduated with a Bachelor of Engineering in 2016 and start using CodeIgniter for 1 year then I switch to Laravel since then. I start learning mobile programming using Android Studio in late 2019.
